## PROJECTS

- A [Simple Portfolio Website \(2021~Present\)](#) (Personal/Independent Project)  
A Simple digital Portfolio for showing my skills, projects, certifications, and resume.
- [Kanban Board \(2021\)](#)  
A Kanban Board to organize tasks which helps boost productivity. Made using HTML5, CSS3, JavaScript
- [Audio to Indian Sign Language Translator \(2021\)](#)  
A Web App that takes audio or textual input and converts it into Indian Sign Language displayed via gifs. Python, JavaScript web speech kit, NLTK, HTML, CSS. (I worked on the front-end)
- **Renovation of [Chanoyu Bushi](#) website of a Japanese Tea Master (May 2021)** (Personal/Independent Project)  
Mako sensei is a Japanese Tea Master and is the owner of the website [chanoyu-bushi.com](https://chanoyu-bushi.com). She wanted renovation of the English version of her site. I asked her the requirements and changes she wished to see in her site and accordingly made the changes.
- **A Web-view [Android Application](#) for Mayo Japan's website (July-2020)** (Personal/Independent Project)  
Mayo Japan is a popular Japanese YouTuber who has more than 1 million subscribers on YouTube. She is also a friend of mine and had requested me to renew her website ([mayo-life.site](https://mayo-life.site)) and make a simple mobile application that has the same content as her website. So, I first worked on the website which had a WordPress CMS and then I made a simple web-view [Android Application](#) that displays the website inside of the application.
